A 170 B 115,5 C 150 (mm)

Amber 3000

Technical specification

Retractable and rotating down light with chip on board and separated NL Power LED electronic ballast for optimal life time and light flow performance. High quality reflectors with four different beam spreads. Lamp housing of diecast aluminium for optimal cooling and low weight.

Model and colors Available in white, black and grey. **Area of use** Down light for indoor applications.

Technical data

Mains (input) voltage 220-240 V

Total weight 0,92 kg

Form of protection IP 20, class III

Light source LED

Operating position 360°/60°

Operating position 360°/60° Start time Instant

Driver Stand alone, included
Optics Metalized aluminum reflector
Beam spreads Spot, Medium, Flood, Wide flood
